Dear Global Trash Solutions,

Thank you for providing the opportunity to try your product! It has proven to be one of the best investments I have made in the past two years. The savings of anywhere from \$350 - \$450 per month per store were great until you also solved my cardboard problem and saved our organization an additional \$75 per month per store.

Additionally you and your organization have been extremely professional and have done far more than sell us a garbage compactor -- you gave us the personal assurances that your products worked and have remained a partner in our endeavor for operational excellence.

Thanks again for believing in your product and having the confidence that it was the right solution for our business needs.

Cordially,

ANTHONY A. GREENWOOD
